About Avail-TVN

Avail-TVN is the largest independent digital media services company in North America. Working with every major studio and television network, the company offers a full content line up of MPEG-4 encoded live programming as well as video on demand content in MPEG-2 and MPEG-4 to multichannel video providers throughout the US, Canada, Mexico and the Caribbean. The Avail-TVN platform is an open, advanced technology, offering the most comprehensive, end-to-end solution for licensing, managing, distributing and marketing linear and on-demand content to virtually any platform today and extensible to new value services of tomorrow.
